

# DECEMBER

December is here!

The air is chilly, the lights are twinkly, and the holidays are on their way. This month is full of joy, cheer, and togetherness - and we can't wait to celebrate with you!

## **Hive Huddle focus:**

Elections

## **Activity of the Day:**

This month, we are going to learn about participating in an election by voting on our favourite candy choice.

"I'm here to help you learn about how our hive works and how you make it stronger. When we share our ideas and listen to each other, we learn to be fair, kind, and work together as a team.

Always remember: YOU are important, and everything you bring to our hive helps it grow, shine, and buzz even brighter!"
