

FEBRUARY

Hello February!

This is the month of love, kindness, and friendship - and guess what? Our hive is FULL of those things!

Hive Huddle focus:

Galentine's Day and learning about hope.

Activity of the Day:

This month, we are going to play a game of "Would You Rather" with a Galentine's Day focus. Then, we will work on an activity about our hopes and dreams.

"February is the perfect time to tell your friends how much they mean to you and to listen to their dreams, too.

Remember, being a Jobie to Bee in a beehive is all about supporting each other, making friends, and dreaming big together. I'll be right by your side this month to cheer you on, help you share your ideas, and celebrate all the amazing things that make you - YOU!"
