

# JANUARY

Happy New Year, Jobies to Bee!

January is a time for fresh starts, new goals, and exciting adventures ahead. We can't wait to share this bright new year with you!

## **Hive Huddle focus:**

Good intentions and being mindful.

## **Activity of the Day:**

This month, we learn about one of Job's daughters! We also learn about the Bethel Installation, a special event that takes place each year in January and June.

"A brand-new year is beginning, and that means fresh adventures, new friends, and so many chances to shine!

This year, we'll learn and play together! Whether it's your very first meeting or you're already a pro, you're an important part of our hive - and I can't wait to see all the amazing things you'll do!"
