

PROGRAM INTRODUCTION

FOR BEEKEEPERS AND ADULT LEADERS

The Jobie-to-Bee curriculum is where curiosity takes flight, and every girl discovers her own superpowers !

Support the Jobies-to-Bee as they team up with Super Jobie-to-Bee for an exciting, month-by-month adventure spanning January to June and September to December!

Each month, you have **activity guides with step-by-step instructions** to make running your sessions simple, smooth, and meaningful. Check out the **good practice guide** to help guide you in working with our special Jobies-to-Bee. Every activity is designed to **spark curiosity, build friendships, and connect the Jobies-to-Bee to your Bethel!**

The Jobies to Bee get their own guide, too! Each month, there is a Bee Binder sheet that lets the Bees know about the fun for the month. Get some fun-looking binders or folders so each Bee can store their files and activities.

As you lead your Jobies-to-Bee on this journey, you're helping each girl **find her voice, discover her strength, claim her place, and make lasting friends**. With your encouragement and creativity, these girls will be buzzing with excitement to become Job's Daughters when the time comes, ready to step into a world of leadership, confidence, and sisterhood.

Let's get started!
