

MARCH

March is here, Jobies to Bee!

Spring is peeking out, and March is the perfect time to grow, learn, and laugh together. Just like little flowers pushing through the soil, we'll discover new things and grow stronger every day.

Hive Huddle focus:

An election is when people get to choose something - like leaders or ideas - by voting. Voting means everyone has a say!

Activity of the Day:

This month, we will play the "Mother Mick Game" and learn about how Jobies give back to their community.

"March is a super fun month because we get to celebrate our founder, but also because the Jobies get to go to Grand Session!

Grand Session is a big, exciting event every year where Jobies from all over BC come together to make new friends, learn new things, and show off their talents.

As a Jobie to Bee, you even get to take part in the Sashing Ceremony on Friday - how cool is that?!"
