

# SEPTEMBER

Welcome back, Jobie to Bee! Did you have a fun summer?

We're so excited to start our September get-together with you! This is a very special day because it's the first meeting of the new term!

## **Hive Huddle focus:**

Sharing about ourselves and getting to know and celebrate each other.

## **Activity of the Day:**

This month, we're starting with a super fun "All About Me" page. It's all about YOU, and we can't wait to celebrate how awesome you are! We are also going to make friendship bracelets for our Jobie friends!

As we go through September, we'll use what we learn to cheer each other on, make our hive stronger, and show how every Jobie to Bee brings something special.

"I think you have got something special inside you, and this month is your time to shine!

Let's explore all the amazing things that make YOU so wonderful!"
